ATU

THE TOYOTA HILUX ARCTIC TRUCKS UTILITY (ATU)... **LEGENDARY ARCTIC TRUCKS CAPABILITY, SIMPLIFIED.**

The Toyota Hilux ATU has been especially developed by Toyota approved converter, Arctic Trucks UK, to meet the enhanced mobility vehicle demands of both commercial and lifestyle users at a suitable price-point. Finance packages are available (please enquire).

- **Arctic Trucks aluminium front underbody armour**
- **Optimised and elevated Arctic Trucks Bilstein performance suspension system featuring front springs/dampers & rear dampers with extended Arctic Trucks shackles (elevation: front +40mm /rear +20mm)**
- **Durable 17" AT steel wheels (black)**
- **Upgraded LT265/70 R17 BF Goodrich KO2 All-Terrain or KM3 Mud-Terrain tyres**
- **Full size AT spare wheel (black) with matching BF Goodrich tyre**
- **Protective ATU graphics to doors and tailgate (matte black)**
- **Arctic Trucks 2" multi-function rear receiver hitch - for towing, winching, carriers etc.**
- **Enlarged and strengthened Arctic Trucks mud guards, front and rear**

AVAILABLE ON BOTH NEW & USED HILUX
RETAINING FULL TOYOTA MANUFACTURER WARRANTY*

The Toyota Hilux ATU builds on the superb quality, durability and reliability offered by the standard Hilux platform, while offering enhanced performance, both on and off-road. Greater ground clearance, articulation and increased approach and departure angles are all achieved through the specially-developed Arctic Trucks Bilstein performance suspension system and upgraded AT wheel and tyre package. This combination delivers smooth on-road handling and enhanced off-road clearance, comfort, control and mobility over a variety of challenging terrains.
